## **Message from Principal's Desk**

On behalf of VPIMSR, Sangli, I extend a very warm welcome to all the delegates and participants present today for the International Conference on the subject "Implications of COVID-19: Problems and Consequences". VPIMSR has borne the mantle of excellence, committed to ensure the students their own space to learn, grow and broaden their horizon of knowledge by indulging into diverse spheres of learning. In our endeavor to raise the standards of discourse, we continue to remain aware in order to meet with the changing needs of our stakeholders. We are organizing conference on "Implications of COVID-19: Problems and Consequences" as the need of the hour.

The pandemic has disrupted lives across all countries and communities and negatively affected global economic growth in 2020 beyond anything experienced in nearly a century. The economic fallout from the pandemic has affected certain industrial sectors of the economy and certain population groups disparately and could risk continued labor dislocations as a result of lingering high levels of unemployment not experienced since the Great Depression of the 1930s.

The Conference aims to bring different ideologies under one roof and provide opportunities to exchange ideas face to face, to establish research relations and to find global partners for future collaboration. The themes and sub-themes for this conference are indicative of relevant research areas to give the prospective authors innovative prepositions about the ambit of discussion. Some of the sub-themes include: Impact of COVID-19 on digital Industry, MSME and small entrepreneurs, E-commerce, Education, HRM, Foreign trade, Public expenditure, Health care, Big data management, Hotel and tourism Industry, Transportation and logistics, Artificial Intelligence and so on.

We have invited eminent dignitaries from different sectors, from different countries to get a better understanding of consequences of COVID-19.

We would like to thank International Research Journal of Humanities and Interdisciplinary Studies (IRJHIS) for providing us the platform for online publication.

Last but not the least; we would also like to thank our Patron, Trustee, the staff, the teachers, the organizers and the students for their contribution in organizing and managing this event. This event wouldn't have been possible without their guidance and constant support.

We welcome you all to VPIMSR and hope that this conference will act as a medium for all of us present here to ponder upon the topic of discussion, challenge us to strive towards it and inspire us at the same time. Thank you!
