CHAIRMAN'S MESSAGE

It gives me immense pleasure to extend a warm welcome to all distinguished guests, scholars, academicians, researchers, and students participating in this National Conference on Indian Knowledge Systems (IKS).

Indian Knowledge Systems, with their deep-rooted wisdom and timeless relevance, represent not only the intellectual heritage of our nation but also a guiding framework for addressing contemporary global challenges. From philosophy, literature, and sciences to architecture, agriculture, medicine, and sustainable living practices, IKS offers holistic approaches that bridge tradition with modernity.

This conference provides a dynamic platform to deliberate upon the richness of our knowledge traditions, to rediscover their significance in today's context, and to explore their integration into mainstream education, research, and innovation. Such endeavors are in harmony with the vision of the National Education Policy (NEP) 2020, which emphasizes multidisciplinary learning, value-based education, and the revival of indigenous knowledge for building a self-reliant and future-ready India.

I congratulate the organizing committee for their relentless efforts in bringing together eminent minds for this meaningful dialogue. I am confident that the deliberations, presentations, and interactions during the conference will inspire new research, foster collaborations, and ignite a collective commitment to preserve, promote, and propagate our invaluable intellectual heritage.

I wish the conference grand success and hope it will pave the way for many such initiatives in the future.

Best Regards,

Shri. Prakash Mutha

Chairman,

**Seth Hirachand Mutha Shaikshanik Trust,
Kalyan.**

Principal's Message

It is with great pride and joy that I extend my warm greetings to all participants of the National Conference on Indian Knowledge Systems (IKS), being organized by our institution.

The Indian Knowledge Systems embody centuries of wisdom, creativity, and innovation. They remind us that knowledge is not merely for intellectual enrichment but also for the betterment of humanity and sustainable living. At a time when education is moving towards a multidisciplinary and holistic approach, the exploration of IKS becomes highly relevant. Integrating these systems with modern research and pedagogy will not only enrich academic discourse but also empower students with values, perspectives, and solutions deeply rooted in our cultural ethos.

This conference is an important step in creating a platform for scholars, academicians, and young researchers to engage in meaningful dialogue, share insights, and collectively work towards preserving and reinterpreting our rich traditions for the modern world.

I sincerely appreciate the efforts of the organizing committee, faculty members, and students who have worked tirelessly to make this event possible. I am confident that the deliberations and outcomes of this conference will inspire innovative research, foster collaborations, and contribute significantly to the promotion of Indian Knowledge Systems in the academic and social spheres.

I extend my best wishes for the grand success of this conference and look forward to fruitful discussions and valuable contributions from all participants.

With Warm Regards,

Mrs. Anuja Brahma
I/C Principal,
Seth Hirachand Mutha College,
Kalyan.
