Principal's Message

Research activities across all the fields pave the way for the industrial world to strive forward with huge advancements. As an educational institution, encouragement and support to research can be provided by establishing a suitable platform for the researchers, to interact with each other and to share the knowledge. I welcome you all at Seth Hirachand Mutha college of Arts, Commerce & Science and hope that this conference will act as a medium for all of us to ponder upon the topic of discussion & challenge us to strive towards it and inspire us at the same time. This year 2022-23 is declared as the year of sustainability keeping in mind our Science; IT & CS departments have organized this National Conference on **"Biodiversity & Sustainable Development"** which received an overwhelming response. The themes and sub-themes for this conference are indicative of relevant research areas to give the prospective authors innovative prepositions about the ambit of discussion.

I hope that the conference serves as a locus for interdisciplinary, a space for discourse and collaboration. I would like to express my sincere gratitude to the Advisory committee, the keynote speaker, all the Resource persons & organizing committee for their dedicated efforts to materialize the conference.

I take this opportunity to extend my best wishes to all the participants of this conference for their future endeavors and also aspire that more and more people opt for research and bring laurels to themselves and to the field of education. Thank you!

> Mrs. Anuja Brahma I/C Principal
